

We are looking for a candidate

## **Electrician – Electrical Installation and Maintenance**

### Who are we

MKW Interim is a Belgian temporary employment company established in Poland, specialized in providing qualified workers in Belgium and across Europe.

Our objective is to offer reliable, fast and legally compliant solutions, while ensuring full support for both workers and companies.

### Job Description

As an electrician, you will work on electrical installations in industrial environments or on construction sites. You are responsible for the installation, maintenance and troubleshooting of electrical equipment.

### Responsibilities

- Installation of electrical systems
- Wiring and connection of equipment
- Reading electrical plans and diagrams
- Maintenance and troubleshooting
- Checking the proper functioning of installations
- Compliance with safety standards

### Required Profile

- Valid CE driving license
- Training or experience in electricity
- Good knowledge of electrical installations
- Ability to read technical plans
- Precision and rigor
- Autonomy and team spirit
- Compliance with safety instructions

## Conditions

- Work on construction sites or in industrial environments
- Assignments in Belgium
- Supervision provided by MKW Interim

## What We Offer

- A structured working environment
- Assignments suited to your profile
- Personalized support
- Valuable professional experience
